Sales Opportunity Score

Lead with a measurable sales operations pilot focused on lead capture, CRM handoff, and proposal turnaround.

Commercial Thesis

MEDIUM

Example Growth Co sells operational services to growing companies. The public website indicates opportunity to improve lead capture, CRM workflow, proposal automation, and measurable sales follow-up discipline.

Recommended Package

Sales Autopilot Pilot: CRM intake, proposal templates, and weekly performance dashboard.

Human Approval Checkpoint

The proposal has passed the human-in-the-loop checkpoint and is ready for final outreach.

● Enterprise Maturity Factor

A consultative readiness metric that separates raw lead attractiveness from enterprise automation readiness.

scaling - 78/100

Example Growth Co is scaling for an enterprise automation motion, based on process visibility, data readiness, integration signals, growth intent, and buying confidence.

Process Clarity

82/100

Repeatable sales and service workflows are visible.

● **Detected Problems**

Issues the sales team can use as discovery anchors.

Weak Lead Capture

88% conf.

The site does not clearly route visitors into a qualified sales workflow. Impact: Lost inbound leads and slower response times.

Manual Proposal Workflow

80% conf.

Proposal creation appears dependent on manual copy and follow-up. Impact: Higher sales cycle friction.

● **Proposal Draft**

Client-ready scope, plan, investment positioning, and next step.

Sales Autopilot Pilot

A focused pilot that reduces manual sales administration and improves speed-to-lead.

Recommended Scope

- Lead capture audit
- CRM workflow automation
- Proposal template system

Work Plan

- Week 1: Discovery and workflow map
- Week 2: Automation build
- Week 3: Reporting and handoff

Investment

USD 6,500-18,000

3 weeks

Next Step

Schedule a 20-minute discovery call.

● **Memory Agent**
Persistence layer that compares this analysis with previously analyzed companies.

Previous Analysis Found

● **Agent Discussion**
Transparent multi-agent reasoning trail for judges and technical reviewers.

Research Agent

Company appears to serve mid-market teams.

Opportunity Agent

Lead capture and proposal turnaround are high-value opportunities.

Manager Agent

Proposal approved for human review.

● **Outreach Email**
Ready-to-send first-touch message generated by the Proposal Agent.

Hi team,
We reviewed your public website and found a practical opportunity to improve lead capture and turnaround.
Would a 15-minute discovery call be useful?
Best,
LeadPilot AI

● Recommended Next Steps

Use these as the close-out actions in the demo.

Next Actions

- Validate CRM access
- Confirm sales handoff owner
- Prioritize one pilot metric

● AI Execution Trace

Evidence that the workflow uses specialized agents, structured outputs, validation, and Qwen Cloud provider calls.

Agent	Provider	Model	Format	Latency	Valid
Manager Agent	local	none	none	0ms	yes
